K. OF C. INITIATES 150 CANDIDATES

W. J. Boyd, of Fordham, N. Y.,
Is Special Guest of Honor at
Conferring of Degrees.

Following the initiation of 150 candi-
dates into the fourth degree of the
Knights of Columbus last night, 400
knights, wearing sword and baldric,
marched to the National Hotel, where
a banquet was served. The special guest
of honor was W. J. Boyd, of Fordham,
N. Y., vice supreme master of Calvert
province, fourth degree of the order,
which includes New York, Pennsylvania,
New Jersey, Delaware, Ohio, Maryland,
and the District.

Charles W. Darr, master of the fourth
degree in the District, made the address
of welcome and presided as toastmaster.
The speakers included Mr. Boyd, who
spoke on "The fourth degree in Calvert
province"; Clarence T. Martin, master of
the fourth degree in Virginia and West
Virginia; Joseph M. Smith, of Baltimore;
Edward P. Harrington, state deputy of
the order in the District; P. C. Mueller,
state deputy of Maryland; Francis P.
Shewch, past state deputy of the District
and faithful navigator of the Washing-
ton General Assembly, and W. S. Auman,
of Baltimore.

Candidates for the degree were from
Maryland, Virginia, West Virginia,
Massachusetts, Illinois, Rhode Island,
North Carolina, Mississippi, and the
District. The degree was conferred un-
der the direction of Mr. Darr and Mr.
Martin. The candidates, after receiving
the highest degree, were invested with
the sword of knighthood.

Washington Chapter attended a so-
lemn requiem mass for the deceased
members of the chapter yesterday
morning, which was celebrated by the
Rev. C. O. Rosenthal, chaplain of the
chapter, at St. Paul's Church. Rev.
Father McGuire, of the Catholic Uni-
versity, preached the sermon.

Shuster to Greet Scribner.

W. Morgan Shuster, former treasurer-
general of Persia, will be a guest of the
National Press Club at 2 o'clock this
afternoon, and is expected to make an
address. Many newspaper men and their
friends are planning to give him a ocu-
lig welcome.

A Safe Deposit Box Is An Absolute Necessity

One cannot read the daily papers without realizing
the necessity for having VALUABLE PAPERS and
other articles of intrinsic or sentimental worth AMPLY
protected.

By renting one of our SAFE DEPOSIT BOXES
you can secure for such belongings the highest degree of
protection afforded by fire and burglar proof vaults of
the most modern type.

SAFE DEPOSIT BOXES rented \$2 year up.
Trunks and Packages received on storage at SPE-
CIAL RATES.

United States Trust Company,
Main Bank, Southern Building, 15th & H Sts.
Branches: 1136 Conn. Ave. and Center Market.

DEMAND ACTION ON PENSION FUND

Three Members of Commit-
tee Would Adopt Retire-
ment Plan at Once.

TRANSFER BILL ALSO UP

Session To-day Promises Speedy

Action on Important Measures.
Redfield Leads Fight.

Two measures of vital importance to
the District will come before the House
District Committee this morning when
the police and firemen's pension fund
plan and the universal transfer mea-
sure, which has already passed the
Senate, are considered. Three members
of the District Committee yesterday de-
clared themselves favorable to the plan
of a retirement fund for police and fire-
men, and expressed their determination
to have immediate action on some bill
favorable to the committee. Little op-
position is expected on the question of
universal transfers. The hearing to-day
on the pension fund was brought about
when Representative Carlin, of Virginia,
asked that a bill prepared by him be
considered. Chairman Ben Johnson
agreed that this should be heard. Soon
afterward in response to a request made
by a committee representing the police
and firemen of the District, Representative
Redfield, of New York, asked im-
mediate action on the proposition to
place the tax fund of the District besides
other revenues at the disposal of the
Commissioners for the creation of a per-
manent pension fund.

Ask Immediate Action.
Mr. Redfield, Representative Kahn, and
Representative Loback, all declared them-
selves prepared to attend the hearing
this morning and aid in the evolving of
some proposition by which the pension
fund can be established.

It was declared by Mr. Redfield that
he would call up the bill introduced by
Chairman Johnson at the instance of the
District Commissioners.

"This matter has been before the com-
mittee for a long time," said Mr. Red-
field yesterday, "and owing to various
circumstances its consideration has been
delayed. It is a matter that should be
disposed of promptly, and I will en-
deavor to persuade the committee to act
on it."

While the details of the plan urged by
Representative Redfield may not meet
with the approval of the other mem-
bers of the District Committee, it seems
certain that any reasonable compromise
will be preferred by them to further de-
lay. Such was the opinion of Represen-
tative Kahn.

"Other cities have their pensions," said
he. "The city of Washington should cer-
tainly follow suit in seeing that its
firemen and policemen are protected in
their old age. The imperative that some
protection in the shape of a retirement
pension should be provided, and provided
at once, I am not now committed to
any particular plan. But I am in favor
of the general plan, and believe that the
details can be worked out in committee."

Would Apply Old Fund.
At the hearing this morning Represen-
tative Loback will make the announce-
ment that there is an old fund—the na-
ture of which he has not completely
ascertained—which may be applied to the
retirement pension fund for firemen
and policemen. This information was
given to Representative Loback by a
representative of the firemen several
days ago, and the informant stated that
at a later date he would supply the com-
plete history of the fund.

"Whether further investigation shows
that this fund may or may not be ap-
plied to the pension fund," continued
Mr. Loback, "the District Committee

GEN. MILES FINDS HIS BROTHER DYING

Retired Lumber Merchant of New
England Fatally Stricken in
Lafayette Square.

Attracted by a crowd which had
gathered in Lafayette Park about 8:30
o'clock last evening, Lieut. Gen. Nelson
A. Miles, U. S. A., retired, stopped his
automobile in H street, and inquired
the cause of the trouble. He was in-
formed that a man had fainted and ap-
parently was dying.

Gen. Miles offered his services and was
shocked to find that the man lying on
the ground was his brother, Daniel C.
Miles, a retired lumber merchant, of
Westminster, Mass. Gen. Miles, with the
assistance of one or two others, carried
the limp form to the automobile and then
hurried to the general's apartment in the
Rochambeau, two blocks away. The
general's brother was dead when the
machine arrived at the apartment house,
he having passed away in the journey
there.

Mr. Miles was eighty-five years old, and
had been suffering from heart disease.
He had arrived in Washington about
three weeks ago to visit the general, and
had been stopping with him at his apart-
ment.

Funeral arrangements have not been
made as yet. Miles was a widower.
He is survived by three sons, Arthur,
Herbert, and George, of Montana, and a
daughter, Mrs. Jesse Parker, of Pasadena,
Cal.

NORTH DAKOTA IS "23."
Her District Sons Celebrate Natal
Day and Elect Officers.

The North Dakota Association of the
District, held its annual election and
election of officers last night at the Hotel
Johnson, in celebration of the twenty-
third anniversary of the admission of
that State into the Union.

Among the other speakers were Represen-
tative H. T. Helgeson, Maj. C. W.
Buttz, Representative L. B. Hanna, Com-
missioner Fred Denney, of the Land Of-
fice; Col. C. A. Lounsbury, and Maj.
John B. Hamilton.

Officers elected for the ensuing year
were: William A. Kelly, president; Maj.
James H. Laughlin, vice president; Joseph
P. Miller, secretary-treasurer; and Wil-
liam E. Collie, William R. Fitch, and J.
M. Boardman, members of the board of
directors.

Postal Charges Discrimination.
The Postal Telegraph Cable Company
has filed a complaint with the Interstate
Commerce Commission against the West-
ern Union Telegraph Company alleging
discrimination and unreasonable charges
by the Western Union on messages trans-
mitted part by the Postal company and
then necessarily turned over to the
Western Union for further transmission
to points not reached by the Postal com-
pany.

WEATHER CONDITIONS.
U. S. Dept. of Agriculture, Weather Bureau,
Washington, D. C., Thursday, February 22, 1912.

The storm, after having yesterday evening
gale in the Middle and North Atlantic States and
the lower portion of the Gulf of Mexico, moved
to the east of the District. The gale has subsided
on the coast south of Sandy Hook, but high velocities
will continue from that point northeast to the
storm center.

The weather has now cleared in nearly all sec-
tions east of the Mississippi River, and the tem-
perature is decidedly lower in all Eastern dis-
tricts. The weather is again becoming unsettled
west of the upper Mississippi, light snow flurries
being reported in the Northwest, and the tem-
perature is now rising from the Rocky Mountains
eastward across the Mississippi Valley.

Commodore McLaughlin, of the Northern Rock-
ies district, the upper Lake region, and the
upper Mississippi Valley, but elsewhere throughout
the country east of the Rockies moderate fair
weather will prevail to-day and to-morrow. More-
over, the temperature will rise in nearly all dis-
tricts.
